ONE FOR THE BAR!

1. 🏠 The Fortress of Solitude, located in the Arctic, serves as Superman's sanctuary where he can recharge, study, and communicate with his Kryptonian heritage. It first appeared in the comics in the 1950s and has since become an iconic symbol of the character's isolation and strength.
2. ⚡ The Marvel pair represent light and darkness — their powers are connected to energy and teleportation.
3. 🌟 Starman used a gravity rod to fight crime and inspired future generations of heroes.
4. 🗿 Yondu's disappointed reaction to the troll doll became an instant fan-favourite moment — proof even space pirates hate being pranked.
5. 👑 Nakia's perspective reflects one of Black Panther's core themes — leadership isn't about strength alone, but responsibility and compassion.
6. ✈️ The Quinjet has been a staple of the Marvel Cinematic Universe since Avengers Assemble — and its design has evolved with every appearance.
7. 🐺 Fenris is inspired by Norse mythology, where the monstrous wolf is destined to play a major role in Ragnarök.
8. ❤️ That single line perfectly sums up Captain America's sacrifice — he didn't just lose time, he lost an entire life he was meant to have.
9. ✂️ It's a classic rock-paper-scissors joke — perfectly matching Korg's laid-back, deadpan humour.
10. 🧠 The Mind Stone was originally housed in Loki's sceptre — and later became the source of Vision's powers.
11. 🏠 Natasha's Red Room training made her one of the most dangerous non-superpowered characters in the MCU.
12. ❄️ Laufey is the king of the Frost Giants — making Loki's origins very different from the Asgardian prince he was raised as.
