1.

The word Halloween developed from "All Hallows' Eve", the evening before All Saints' Day on 1 November.

2.

Many Halloween customs draw upon Samhain, an ancient Celtic festival marking the end of the harvest season and the beginning of winter.

3.

Before pumpkins became popular, people in Britain and Ireland carved frightening faces into turnips and other root vegetables.

4.

Traditional Samhain celebrations included large bonfires, which were believed to offer protection during the darker months.

5.

Pumpkins belong to the same plant family as cucumbers, melons and courgettes—and botanically, they are fruits.

6.

Bats are not blind. Most species can see, although many also use echolocation to navigate and locate food.

7.

Only three species of bat feed on blood, and all three are native to the Americas.

8.

Owls cannot turn their heads through a complete circle, but some species can rotate them by as much as 270 degrees.

9.

Some spiders eat their old webs, allowing them to recycle the silk proteins before building a replacement.

10.

Black cats have not always represented bad luck. In parts of Britain, encountering one has traditionally been considered fortunate.

11.

Mary Shelley began writing *Frankenstein* when she was only 18 years old.

12.

Frankenstein is the scientist, not the creature. Mary Shelley never gives the creature a personal name in the novel.

13.

Bram Stoker never visited Transylvania, despite making the region the home of Count Dracula in his famous novel.

14.

The white mask worn by Michael Myers in the original *Halloween* was created by altering a Captain Kirk mask based on William Shatner's face.

15.

The 1922 silent film *Nosferatu* was an unauthorised adaptation of *Dracula*, with character names and other details changed in an attempt to avoid copyright problems.

16.

George A. Romero's *Night of the Living Dead* never actually calls its flesh-eating creatures "zombies".

17.

Candy corn was once marketed under the name "Chicken Feed" and sold in packaging decorated with a rooster.

18.

A spider's web was once considered a popular Christmas decoration in parts of Eastern Europe, thanks to legends in which spiders covered a poor family's tree with shimmering webs.

19.

Mexico's Day of the Dead is not simply "Mexican Halloween". It is a separate celebration centred on remembering and honouring deceased relatives.

20.

The familiar image of a witch flying on a broomstick dates back centuries and appeared in European artwork long before modern Halloween celebrations.
